

ADARSH KUMAR SINGH

****B. Tech in Electronics and Communication Engineering****

AKGEC ,Ghaziabad, Uttar Pradesh | +91-94394-40544 | adarshentity098@gmail |

PROFESSIONAL SUMMARY

Final-year engineering student specialising in computer systems and back-end technologies, with solid knowledge of Linux, networking fundamentals, database management, artificial intelligence and machine learning. Experienced in developing structured solutions to real-world problems through programming and analytical thinking. Demonstrates strong troubleshooting abilities, adaptability, and a proactive learning mindset. Seeking a System Engineer role where I can contribute to infrastructure reliability, automation, and continuous improvement in a global technology environment.

SKILLS

****Oracle & ERP Systems****

- Oracle Cloud Infrastructure (OCI)
- Oracle Database Design and SQL
- SQL Programming
- Oracle Certified Data science professional (Database 23 AI)
- Oracle Generative AI professional.

****Technical Skills****

- Artificial intelligence, Cybersecurity
- Database Architecture , Design and warehousing
- System engineering, Requirements Analysis, Linux, Operating system
- Python, bash

****Business & Consulting Skills****

- Business Requirements Gathering
- Problem-Solving and Analytical Thinking
- Team Collaboration and Communication
- Process Analysis and Optimization

PROJECTS

****Search-and-Rescue Drone System** | 4th-Year Major Project | Oct 2025 - Present**

- Designed autonomous drone system to improve emergency response efficiency in search-and-rescue operations
- Architected database schema and data structures to handle real-time sensor data from multiple drone units

- Implemented system integration between hardware controllers, communication protocols, and back-end database infrastructure

-

EDUCATION

****B. Tech in Electronics and Communication Engineering****

Dr. Abdul Kalam Technical University | Expected Graduation: May **2026**

CERTIFICATIONS

- Oracle GenAI Certified Professional (2025)
- Oracle Data Science Professional Certification (2025)
- IoT and Industrial Automation Certification (2025)
- GFG Machine learning and data science certification(ongoing).
- EC council Code-red certifications.

ADDITIONAL INFORMATION

- Oracle Certified Professional with hands-on experience in database and ERP ecosystem
- Quick learner with ability to upskill rapidly on new technologies and business domains as required for client projects
- Ready to work on live client projects and contribute to team's success from day one
- learning Japanese and German .
